

# 2001 Legislation Explicitly Affecting Administrative Rules

---

During the 2001 General Session, the 54th Legislature passed 424 bills. Of those bills, an estimated 76 bills (145 separate sections) changed explicit language mandating or permitting rulemaking. The Division of Administrative Rules has prepared the following list of bills to facilitate state agency compliance with legal rulewriting requirements. This list should *not* be considered exhaustive or conclusive. This list does not include bills that contain *implicit* rulemaking requirements. Each agency is responsible for reviewing legislation and determining provisions that—explicitly or implicitly—require rulemaking. Agencies should consider this list simply as a "heads-up."
